Your subscription includes a monthly newsletter, plus weekly e-mail hotlines and more. *\$99.95/year — a \$149 savings!*
- › **1600 Alert** — Dr. Skousen's new trading service makes money by taking advantage of Mark's unique insight into President Trump's camp. For years, Mark has rubbed shoulders and shared ideas with the same experts now advising the President — giving him (and now you) the inside track on where to make money for the next four years. Your subscription includes weekly e-mail alerts and more. *\$995/year — a 50% savings!*
- › **Five Star Trader** — Dr. Skousen created this trading service based on a system that achieves gains 15 times better than the market when back-tested. *Five Star Trader* offers approximately 26 trades per year, exclusively on stocks that score highly on each of the five criteria in Mark's system. Your subscription includes weekly e-mail alerts and more. *\$995/year — a 50% savings!*
- › **High-Income Alert** — Every recommendation will grant superior income and great capital-gains potential. You'll be in the know about the highest-yielding investments the world has to offer. The *High-Income Alert* portfolio features between 4-8 investments at a time, holding each position for an average of a little more than 2 months. Your subscription includes weekly e-mail alerts and more. *\$995/year — a 50% savings!*
- › **Fast Money Alert** — This combines Mark's 37+ years of economic and investing experience with the stock-picking expertise of Jim Woods (recently named 3rd financial blogger in the world, out of more than 6,000). Together, Mark and Jim identify stocks and ETFs with repeatable profit windows, allowing their readers to enjoy a pattern of profits year after year. Your subscription includes weekly e-mail alerts, and more. *\$995/year — a 50% savings!*

- › **Vardy's Alpha Algorithm** — This data-driven trading service tracks 22 of the most proven profit systems in the world and takes the best-of-the-best. If an investment "hits" on multiple systems, it makes the cut for further analysis. A sample of these profit systems are: insider buying, strong cash flow models, what the biggest hedge funds and the Warren Buffetts of the world are buying, stocks with buy-back programs, stocks with strong buy ratings and many more. *\$995/year — a 50% savings!*

BRYAN PERRY has been helping investors make money for more than 30+ years. He's worked with some of the biggest names on Wall Street, including Bear Stearns, Paine Webber and Lehman Brothers. He is the editor of *Cash Machine*, *Premium Income*, *Quick Income Trader*, *Instant Income Trader*, and *Income Alliance*.

- › **Cash Machine** — Bryan's income-investing-only monthly advisory service features three portfolios. The Safe-Haven Portfolio consists of steady stocks that pay above average dividends. In the Conservative Portfolio, Bryan identifies high-yield, lower risk investments offering yields of 5-10%. In his Aggressive Portfolio, he tracks higher-risk, high-yield plays offering yields of 10-20%. The goal of *Cash Machine* is to deliver a blended total yield of 10%, plus share price appreciation. *\$99.95/year — a \$149 savings!*
- › **Premium Income** — This is Bryan's premium service dedicated to providing investors with even higher yields from their income investments through the use of covered call options. By selling covered call options against the long-term stocks held in *Cash Machine*, *Premium Income* investors are able to boost the yields they collect from their income plays by as much as 6%. Receiving these covered call premiums also allows *Premium Income* investors to reduce the average cost of their investments. *\$275/year — a \$224 savings!*

- › **Quick Income Trader** — This service is a proven system for generating regular cash payments every month — by selling out-of-the-money call options on a select group of market-leading stocks. The *Quick Income Trader* portfolio maintains 7 to 8 positions at all times, allowing subscribers to capture - on average - a cash payment every week or so. *\$995/year — a 50% savings!*
- › **Instant Income Trader** — Learn how you can collect fat cash payments from the world’s most profitable companies... without owning the stocks! With Bryan’s unique system, you can generate INSTANT CASH from expensive brand-name stocks such as Google, Facebook and Amazon - without paying hundreds of dollars for just one share of stock. This little-known strategy is used by the pros - and, while the strategy behind it is complicated, the execution is so simple a 5th grader could do it. In just 10 minutes a week, you can be generating thousands of dollars in instant income. *\$995/year — a 50% savings!*

In honor of Dick and Doug Fabian – the system’s creators – it is called, “The Fabian Plan.” Each month, this proprietary trend-tracking approach determines whether the overall trend is flashing “buy” or “sell” for investors. When it’s time to buy, The Plan identifies stocks and ETFs with the best profit potential and the least risk. Then, when it’s time to sell, The Plan tells you exactly when to get out. Your subscription includes a monthly newsletter, plus weekly e-mail hotlines and more. *\$99.95/year — a \$149 savings!*
